SUNSHINE KIDS CHICAGO TEEN GETAWAY 2016

As part of the KoenigRubloff Cares Foundation's ongoing support of The Sunshine Kids, a non-profit organization dedicated to children with cancer, we welcomed Sunshine Kids from all over the U.S. to the Windy City. From August 18th-August 20th, eighteen KoenigRubloff agents and employees from the Foundation were honored to show Chicago hospitality to the Sunshine Kids by volunteering as airport greeters, group chaperones, tour guides, party coordinators, photographers and support crew.

A LETTER FROM THE CHAIRMAN

The KoenigRubloff Cares Foundation had an incredible summer. When I see our agents involved in activities to better their communities, I'm overcome with emotion.

On June 9th, we sponsored and attended the Humanity Hero Award Dinner, which helped to celebrate the 40 years of amazing work that Habitat for Humanity has accomplished. What a phenomenal organization!

This summer we also had the honor of welcoming the Sunshine Kids to our fair city for their first Chicago Teen Getaway trip. Fourteen Sunshine Kids from all over the U.S. came to Chicago to see the city and have fun. I was fortunate enough to spend a lot of time with the Sunshine Kids when they were in town, and it was an inspirational experience to see them laugh and take in every moment.

I couldn't be more proud of our agents and employees who spent time getting to know these wonderful kids. I want to say a special thank you to Harold Blum for his photographic expertise. He captured moments from that weekend that we will all remember forever.

Please join us on October 6th for a Night in Monte Carlo! Tickets are available at KoenigRubloffCaresFundraiser.com. Trust me when I say it's a night you won't want to miss.

It's because of your donations and support that we are able to put smiles on these children's faces, and help to make the dream of owning a home a reality for someone who truly deserves it! For that, thank you today and every day.

Sincerely,

JOE STACY
