

KOENIGRUBLOFF CARES FOUNDATION

As we continue to make our name known in every market, Berkshire Hathaway HomeServices KoenigRubloff Realty Group's commitment to public service remains the same as it always has. Our new name is the KoenigRubloff Cares Foundation, because at the core of our mission is the care and compassion we have for those around us.

A NEW HOME FOR THE PETERSONS

March 1 was a very special day for our Foundation as the Peterson family received the keys to their new home in northern Lake County through Habitat for Humanity. Volunteers, community members, and supporters including members of the Koenig Rubloff Cares Foundation joined the family in a dedication ceremony.

Our Foundation was very proud to provide financial support for this home through a grant to Chicagoland Habitat for Humanity. Through the generosity of our agents, managers and employees we were able to give \$20,000 for our first house project.

We look forward to growing our grants, and making a greater impact by providing homes within the communities we serve.

SUPPORTING THE SUNSHINE KIDS

In addition to Habitat for Humanity, KoenigRubloff Cares Foundation is also proud to support The Sunshine Kids organization. Established in 1982, the Sunshine Kids organization is committed to providing positive group activities and emotional support for young cancer patients. The Sunshine Kids provides a variety of programs and events, free of charge, for kids who are receiving cancer treatments in hospitals across North America.

With your support, we can continue to put smiles on the faces of young cancer patients everywhere. For more information on the Sunshine Kids, please visit www.sunshinekids.org.

A LETTER FROM THE CHAIRMAN

As I sit here and write this letter, I can't help but think about how amazing the past few months have been. Two companies have come together to become Berkshire Hathaway HomeServices KoenigRubloff Realty Group, and the excitement has been palpable. While there have been many spectacular changes, such as our new foundation name, the KoenigRubloff Cares Foundation, one thing that remains the same is our commitment to the communities we live in and love to support.

We look to continue to grow our work with Habitat for Humanity and the Sunshine Kids, and now with a larger family we can become a larger force at giving back in each and every city and town where we have a presence. I have spoken to many clients who are happy to work with a company that gives back, and new recruits feel good about joining a team that contributes time and efforts in such positive ways. I saw firsthand what effect reaching out can have when the Petersens received the keys to their home, because their smiles told the story of a dream that was realized, and a new life that was possible.

Overall, what we've accomplished has been great and now as we begin a new future as the KoenigRubloff Cares Foundation, I know the impact we can make in people's lives can only grow stronger.

I look forward to your support and working with you to serve our communities.

In kindness,

JOE STACY
